

Testimonial to Tauranga Audiology,

To Whom it may concern,

Dear Sir/Madame,

This testimonial is in direct relation to the service on offer at Tauranga Audiology. This service is next to none when coming to customer service. There's only two words to sum this wonderful customer service up and that's "Absolutely Fabulous". I had been waiting years and years for hearing devices, which, because of my financial problems failed to procure, and because of this failure my life started to fall apart as I found I couldn't find employment and my social life suffered. After two weeks with Tauranga Audiology I had 2x new hearing aids worth over \$2,500, which meant a totally new life after not hearing for over 30 years. Now I have job interviews to go to and I can hear my grandchildren, talk to me for the first time, what joy to be able to hear birds singing in the morning.

I wouldn't hesitate to recommend anybody who has a hearing problem to register at Tauranga Audiology, to me they are the best and foremost front leaders of Audiologists in Tauranga believe me I have been to a few.

Thanking Tauranga Audiology for a new lease on life that's enabled me to regain the ranks of normal humanity.

God bless you All,

Yours Faithfully and
Sincerely

Very satisfied
